Subject: Habitat Restoration and Water Quality Management Breakout Group Notes

Attached for your review is a copy of the Habitat Restoration and Water Quality Management breakout group detailed notes for the October workshop. A summary of comments on the list of action categories from each of the break out groups was provided in a previous memo, however these detailed group notes were unavailable at that time. I am sorry for any inconvenience this may have caused you in reviewing the material distributed earlier. If you have additional comments or questions as a result of this new material, please see Rick Soehren or me.
